11	Others	- Nagoya University promotes gender equality in employment and actively encourages female applicants. We will actively employ a female applicant if she is recognized as equal in the evaluation of activities (including research activities, educational activities, social contributions, and character). - Application materials will be used only for this selection and will not be used for other purposes. - Application materials will be handled under the responsibility of the selection committee and will not be returned to the applicants. - Travelling expenses for interviews will not be provided. - In November 2021, with the clarification of the controlled items in “deemed exports” under the Foreign Exchange and Foreign Trade Act, some provision of sensitive technology to faculty members at universities and research institutes has become subject to control under the Act. As a result, when applying for this position, you will be required to submit a “Self-Declaration of Classification Applicability” based on the “Flowchart for Classification Applicability Judgment”. In addition, you will be required to submit a “Declaration of Commitment” when you are hired. - Our university is actively committed to promoting diversity and enhancing work-life balance. For more details, please refer to the following URL. https://www.kyodo-sankaku.provost.nagoya-u.ac.jp/ https://www.thers.ac.jp/about/declaration/deib/index.html - If you have experienced any interruptions or delays in your research activities due to childbirth, childcare, caregiving, illness, or similar reasons, you may indicate these periods on your curriculum vitae. Please be assured that at our university, such disclosures will not result in any unfair evaluation. - If there is any difference between the Japanese version and the English Version, the Japanese version takes precedence.
